FOREIGN NEWS

Krueger Quits and Dies.

LONDON, September 14.—The following dispatch has been received at the War Office from Lord Roberts:

MADRAS, September 13.—Krueger has formally resigned the position which he held as President of the South African Republic, thus severing his official connection with the Transvaal.

NEW YORK, September 14.—A San cable from Rome says: A Lorenzo Marquez dispatch to the capital says the Dutch Consul at that place telegraphed to the Consul of the Netherlands at Messina to hire a villa for President Krueger in Sicily.

LONDON, September 12.—The flight of President Krueger from what is now designated as the Vaul River Colony and his arrival last night at Lorenzo Marquez are regarded here as indicative of an early end of the hostilities in South Africa. Another message from Lorenzo Marquez says the Transvaal States officials accompanied President Krueger in Portuguese territory.

LONDON, September 15.—According to the Lorenzo Marquez correspondent of the "Daily Telegraph," Mr. Krueger is virtually a prisoner in the residence of the District Governor. This is at the instance of the British Consul, who protested against Mr. Krueger using Portuguese territory as a base for directing his executive affairs.

LORENZO MARQUES, September 16.—Boers who arrived here yesterday evening aver that the Burgers are fighting among themselves at Holspruit and are looting and burning outposts.

Galveston Destroyed.

HOUSTON, Texas, Sept. 19.—Richard Spillane has just arrived here and says:

"One of the most awful tragedies of modern times has visited Galveston. The city is in ruins and the dead will probably number a thousand."

"The storm began about 2 o'clock Saturday morning. Previous to that a great storm had been raging in the gulf and the tide was very high. The wind at first came from the north and was in direct opposition to the force from the gulf. While the storm in the gulf piled the water upon the beach side of the city the north wind piled the water from the bay on the bay part of the city. The wind and the water rose steadily from dark until 1:45 o'clock Sunday morning. During all this time the people of Galveston were like rats in traps. The highest portion of the city was four to five feet under water, while in the great majority of cases the streets were submerged to a depth of ten feet. To leave a house was to drown. To remain was to court death in the wreckage."

"Such a night of agony has seldom been equaled. Without apparent reason the water began to subside at 1:45 a. m. Within two minutes it had gone down two feet and before daylight the streets were practically freed of flood waters. In the meantime the wind had veered to the southeast. Very few if any buildings escaped injury. There is hardly a habitable dry house left."

DALLAS (TEX.), Sept. 11.—A horrible story is told by Dallas citizens who returned tonight from Galveston. They declare that negroes and many white persons are hourly committing the most atrocious acts of vandalism. J. N. Griswold, division freight agent of the Gulf, Colorado and Santa Fe Railroad, who was in that city during the storm and had a narrow escape from death, said:

"Ears and fingers bearing diamonds were hacked off with pocketknives by the vandals. The bodies of women who wore fine clothes were stripped of their last thread and left to fester in the sun."

AUSTIN, (TEX.), September 14.—During the day the Governor received a large number number of subscriptions, and it is estimated that the total subscription lists to date, here and at Galveston, will reach \$1300,000

Emperor and Empress.

NEW YORK, September 15.—A despatch to the Herald from Peking says: The Empress Dowager and the Emperor, with 8,000 troops as a guard, are now staying with a Mongol prince in Mongolia, 150 miles northwest of Peking, watching events here. No pursuit of them is intended by the foreign troops.

Coal Strike is Ordered.

INDIANAPOLIS, Sept. 12.—At 5:15 o'clock this morning President Mitchell and Secretary Wilson of the United Mine Workers of America affixed their signatures to the document which will call 132,000 miners of the Pennsylvania anthracite region from their work Monday morning and precipitate one of the most gigantic strikes in the history of the labor world.

Estimates by the Republican State Committee of Illinois indicate six votes for McKinley to give for Bryan. It is expected that McKinley will carry the state by about a hundred thousand majority.

When the German marines left Peking three days ago they gave out unfortunately that the Emperor's orders were to destroy the Palace, and they were going to do it in spite of the action of other people.
